Comments Details

Commenter Type:	Neighbour
Stance:	Customer objects to the Planning Application
Reasons for comment:	- Highway Access and Parking - Privacy Light and Noise
Comments:	The proposed increase in height and length of the garage will block the natural light to the area impacting my front and rear garden light. The noise from the increased covered outdoor area in the back garden will impact the peace and quiet of being able to sit outside by all neighbours. The loss of a garage will increase the amount of cars being parked on the street from this property. Especially if the gym is being used as a business as this will cause safety concerns for

the increase of non resident activity to the area.
It is already an issue to find a parking space in the street near where you live on a daily basis.

Kind regards
