I have lived in Lancing for nearly 50 years.

I have used the Park 7 days a week walking my dogs

I cannot see the necessity for a cafe when one already exists at Impulse Leasure centre

Not being a Resident of THE STREET, i cannot say it will affect me, other than parking my car.

I am now 81yrs, still walking my dog, and shall continue to do so

However, if any of the SUSSEX FLINT WALLS are to be demolished, i shall object to that most strongly

Also in the same way, if the new building extends into parkland, that i would also object to..

I am unable to attend public meeting, but i hope you will add my objections to the many i am sure you already have.

Sincerely

Rosemary Mason,
