13 The Burrells

Shoreham by Sea

Sussex BN43 5HF

15th March 2012

Dear Sir

My wife and I, have great concerns with regards to our privacy in the garden and the main used living area at the rear of our house due to the granting of permission for the bungalow at 7 Foway Close, Shoreham Beech, to be extended with a loft conversion consisting of 3 large windows directly overlooking our rear garden and the main living area used within our home.

We were not notified of these changes, and if so we would have objected most strongly. As this extension removes all privacy from the garden, and will only allow any privacy in the use of or main living area in the large conservatory if blinds are added, which defeats the whole idea of a large light living area.

As we approach retirement we had planned to make more use of the conservatory, but those plans have now been destroyed..

We would appreciate your comments on this situation and the point that we have been ignored in the planning of this extension even though we are greatly adversely affected by it.

Yours truly

[redacted]

John Smith
