Stance: Customer objects to the Planning Application

Reasons for comment:
- Highway Access and Parking
- Loss of General Amenity
- Privacy Light and Noise

Comments: We note the difference between this application and the previous one. However in our view the extension will still result in a detrimental loss of light due to the shading of the of the sun, particularly in the morning. This will make the upstairs back bedrooms dark because of shading of the windows, and the downstairs extension dark because of shading of the roof Velux windows. Increasing the size of the property is also likely to increase the need for parking, exacerbating the already difficult parking situation in Victoria Road.
