Take up part of my back courtyard to build a new access externally, underpen part of the property where escaping water had washed away foundations etc.

The whole experience was traumatic for me taking in all 6 months.

Under my insurance cover I have to take

Dear Sir,

I spoke to your department last year regarding the possible of removing a large tree in my front garden.

At the time I was experiencing serious drainag problems and my insurers

all necessary steps to stop such damage reoccuring and having taken advice (see attached letter from Dixon Hurst + Kemp) this is to remove tree.

In the circumstances I would appreciate your agreement to this request

Yours Faithfully

[redacted]

and their specialists were investigating this.

It turned out to be a very complicated and expen job to correct this problem

The drain was complete blocked by the above tree roots, which caused a ba up of solids.

The contractors had to dig down through my cell floor to access the drain
