Reasons for comment:	- Privacy Light and Noise
Comments:	Having learnt of this proposal it has been causing us both great stress. The proposed development is immediately behind our home and having reviewed the architectual drawings I have no option but to heavily contest against it's development. Being an elderly couple, our garden is our sanctuary and were we spend a lot if our time as mobaility is an issue for us. This build will give the occupants an elevated direct line of site

into our garden, conservatory and bedroom, we would lose all sense of privacy.

Additionally my husband has a serious medical issue, and the disruption and noise required for a build like this so close to us I fear will affect him badly.

Kind regards
