Dear Mr Barnett,

The Amsterdam, 467-471 Upper Shoreham Road, Shoreham by Sea, W.Sussex
Applications AWDM/1812/16 & 1867/16
And AWDM/1643/16, 1644/16 and 1645/16

Thank you for your letters dated 16th December, regarding illuminated and non illuminated signs at the Amsterdam. I telephoned you on receipt of those letters and left a message asking whether these were applications for retrospective approval again as the signs and illuminated signs referred to appear to be already in place. I am now putting that same question in writing.

I understood from your letter of November 25th that any concerns local residents may wish to raise must be made within 21 days. I responded by email and post on 3rd December since when I have heard nothing at all. For your convenience I am resending my letter now.

I realise that we are now into Christmas, New Year and a spate of Bank Holidays, nevertheless I would be grateful if you could give this matter your attention as soon as possible.

Yours sincerely,

Jennifer Kharibian
