Comments Details

Commenter Type: Neighbour

Stance: Customer made comments in support of the Planning Application

Reasons for comment: - Highway Access and Parking

Comments: We totally support and understanding why our neighbour is wanting the conservatory built, and hope that it acheives everything they both require. Our only concern on reflection is the proposed sighting of the skip by the construction company, we feel it will resict assess to our only parking space and also access to our property. Being that our main access to our property is via our back gate with 3 young children, coming and going by car or pushchair could present safety issues to our children whilst the workmen are filling the skip with rubble etc. We would welcome and be happy to accommodate an alternative. We also note that the public liability insurance belonging to Anglian home improvements expires soon and we would like sight of a renewal before works proceed.
