Re = 13 Victova Rd : AWDM/0286/13

—

With regard to the above proposal our concerns are as follows =

1) This is a shared driveway between 9, 11, 13a + 13b, with the above being built it would make a lot of congestion.

2) Plans do not make clear of how services are going to be implemented, and if any disruption to the driveway condition.

3) The design of the property seems not in keeping with the

area at all, just a profit making venture for the owner, who rents the property out to Brighton & Hove City Council for Emergency Housing.

(4) Last of all are the Police informed of the proposal due to the amount of input the Emergency Services have had attending the property over the last 7 years.

Yours sincerely

[redacted].

MR. & MRS. R.A. PEATT.
