Reasons for comment:	- Highway Access and Parking - Loss of General Amenity - Other - Privacy Light and Noise
Comments:	We have lived just along the seafront at 1, Ferring Marine for over 35 years. The Goring Gap is an important part of the character of the area giving an important green peaceful buffer between Goring and Ferring. Any intrusion into this area will represent the thin edge of the wedge not only in visual terms but also in traffic terms, including overnight camper vans which West Sussex have worked so hard to prevent in this area. The noise will completely change the peaceful character of the area and late night parties will be almost impossible to control in practice. Please do not allow the degeneration of a much valued green space which ,if started, can never be reversed.

Kind regards
