To: Hannah Barker <hannah.barker@adur-worthing.gov.uk>

Dear Hannah. Thank you for taking the time to show us the plans for 11 Winterbourn Shoreham-By-Sea. Having digested the plans . We would express our concern on the following points . 1 The increased height and sheer bulk of the south elevation roof and dormors , we find very alarming due to the closeness of the building to us . Which would overlook our conservatory and cut out our light . 2 The West elevation, again the height is not acceptable and the large window would overlook our seating area , which is already a small garden ! 3. Our Lounge and Dining room would also be compromised by this development for the same reasons as above To sum up we strongly object to this proposal, as we would find this very intimidating and overbearing and would probably force us to move which we do not want to do !

Yours Sincerely. K@J Storer

Option 1 should read North elevation
