Dear Sir,

**OBJECTION TO PLANNING APPLICATION AWDM/0737/26**

I am writing to express the strongest possible **objection** to the above application for numerous valid and legal reasons.

This applicant has made numerous applications, changing the detail each time, in order to beat the approvals system. The whole the Goring Gap is a valuable green space between Goring and Ferring and agricultural land. There should be no commercial development whatsoever, which would upset the eco system, be a blight on a much treasured area and visually offensive. The land is adjacent to a 'no overnight camping' area and yet camping is proposed.

There should be no structures whatsoever allowed to spoil the integrity of the countryside and no eyesores like the proposed 'a wheeled advertising trailer. The site is a precious preserve used by residents and visitors alike and residents certainly don't want the envisaged car park. There is ample parking for walkers, bathers, kite surfers etc on the seafront and adjoining roads.

This is not land for development and visitors requiring refreshment have both Sea Lane Cafe and the Bluebird Cafe only a short walk away. This degrading, money-making proposal is completely alien to the area, which has been preserved as a natural wonder in an otherwise populated area and should not be compromised for a desperate money-making scheme.

There are numerous other reasons to object such as sink holes and toilets, all unnecessary in a pleasant undeveloped area. The proposal should be refused on every count. Thank you for adding this objection to the list.

Yours sincerely John Vaughan
