Stance:	Customer objects to the Planning Application
Reasons for comment:	- Design - Overdevelopment - Privacy Light and Noise
Comments:	I write to formally object to the above planning application regarding land south-east of Amberley Drive and Marine Drive on the Goring Gap. We strongly urge the planning committee to refuse permission based on the following considerations - Contrary to the Local Plan , which reserves this area as Local Green Gap, not available for development of any sort (Local Plan pages 58 - 61 The entry and exit of vehicles would cause unacceptable traffic congestion to the

already busy coastal road.

Allowing overnight accommodation for camper vans would encourage overniight parking of motor homes on the carriageway, which WSCC has prohibited.

The inclusion of an outside bar and entertainment space will generate unacceptable levels of noise, litter and anti social behaviour to a predominately quiet resedential area.

The site is a recognised Local Wildlife site and of ecological importaance to both resident and migatory birds, an important area for many species of bats and other local flora and fauna

For these reasons the I request that WBC upholds its own localplanning policies and refuses this application

Jonathan Webster

Kind regards
