Reasons for comment:
- Highway Access and Parking
- Privacy Light and Noise

Comments: I am the owner of 119 Grinstead Lane, I am speaking on behalf of my ex wife and children who reside there and object to this development proposal. The plans indicate an enormous building taking the majority of the length of the garden and potentially affecting the light coming in to the garden. Also a commercial building is not in keeping with the area. The equipment needed will generate much noise which would affect the quality of time spent in the garden with family and friends. It will be a noise nuisance. There could also be an affect on parking outside my property if there is no room in the drive of 117.
