Importance of tree to locality Conservation area Tree

REASON FOR REPORT

Request to fell early mature holly tree in rear garden of property, as a response to neighbours request. It is claimed the tree is a nuisance but no further details given.

REMARKS / CONDITION:

Tree is in good health with no obvious signs of damage or decay. The leading stem was broken several years ago (storm damage?).

WORK / REQUIREMENTS;

The tree is visible from the road and contributes to the area, and is a native species. Due to the damaged crown it could be acceptable to reduce the tree, although if the issue is leaf debris this is unlikely to help. Other options of works could be combinations of crown lifting and crown thinning.

Recommend permission to fell is denied.
