Comments Details

Commenter Type:	Neighbour
Stance:	Customer objects to the Planning Application
Reasons for comment:	- Design - Overdevelopment - Privacy Light and Noise
Comments:	We wish to object to the proposed development because we consider it to be excessively large on what is, at present, a chalet bungalow site. The plans are for a 3 storey building with significantly larger dimensions. We consider that this would be an over-development of the site and out of character with the surrounding properties. The plans include a large, north-facing double dormer with very large window areas overlooking our property. We consider that this will cause a significant loss of privacy to both our house and garden and loss of light in the garden. We therefore object.
