Stance:	Customer objects to the Planning Application
Reasons for comment:	- Design - Privacy Light and Noise
Comments:	Shear Architectural Design LTD..... I fail to see how the change of a vertical cladding will result in loss of light, especially how the sun travels around the site . Opposition.... Sun travels and reflects differently on surfaces, colours and textures as I am sure you are aware, hence our opposition !! As by his own admission Mr James Appleton Head of Planning and Development, Adur & Worthing Councils admits that there will be loss of light and by a proposed tile hanging will result in further darkness... End !!

Kind regards
