Comments Details

Commenter Type:	Neighbour
Stance:	Customer objects to the Planning Application
Reasons for comment:	- Privacy Light and Noise
Comments:	Firstly surely this should be retrospective as the dormer and Juliette balconies are already in-situ. Our objections here are that they face directly opposite our first floor back windows, therefore invading our privacy. We brought this development to the Planning Office's attention several months ago when it was noticed building work had commenced without receiving any planning notice. Surely this work should have ceased whilst planning permission was sought.
