Commenter Type: Member of the Public

Stance: Customer objects to the Planning Application

Reasons for comment: - Other

Comments: We have not received any information about the health and safety risk assessment regarding the removal of the asbestos. This is a major concern as I am asthmatic and live opposite the site. What will be the working hours during the demolition and the use of the site post demolition?
At the development exhibition on Friday no mention was given to the active nature of the site. The first we as local residents have known was the scaffolding going up.
