Hi,

Please can I lodge the following comment/objection to the application for a double storie extension at 59 North Farm Road, Lancing, West Sussex.

Such a large extension will be a large number of people living there which result in more cars parked on a very dangerous blind corner as theyvwill not be able to park on the road as it's too narrow. One local resident has been killed in an RTA on this corner within the last couple of years and it is dangerous.

Such a large extension is also not in keeping with all the other houses in this road.

Regards.

Theresa Woods.
