Stance:	Customer objects to the Planning Application
Reasons for comment:	- Privacy Light and Noise
Comments:	I would like to add further comments to my previous objection of the Sunshine Nursery extension. I have read through the supportive comments and note that these have not come from anyone living within the vicinity of the nursery, therefore not taking into account the privacy and noise disruption to our home . It is also worth noting the other 4 houses in our terrace that have not commented are rented out, often on a short term basis so will not affect them in the long term. As aforementioned in my previous comments first posted ,this will have a major impact on our quality of life here in our lovely home and it is very upsetting
