**Name:** Mr Christopher Jonathan Fortune

**Email:** [redacted]

**Address:** 1 Abbots Way, Lancing, West Sussex BN15 9DH

## Comments Details

**Commenter Type:** Neighbour

**Stance:** Customer objects to the Planning Application

**Reasons for comment:** - Privacy Light and Noise

**Comments:** Since the running of this business began, I have noticed an increase in noise, in particularly and most significantly, dogs barking throughout the day. I work from home the majority of the time from an office in my summer house and throughout the day my work is disturbed by doors shutting and dogs barking every time it would seem this business has a customer enter their back garden. I cannot understand why they leave their dogs in view of customers entering the garden/building or how this makes their customers feel to be barked at for a long period of time.

Since the days have got shorter, I have also noticed several (approximately 5) bright lights on the front of the erected building have been left on which shines through my 18 month olds bedroom window that faces directly opposite. I worry that if the hours are extended these lights will remain on until gone 20:00 hours 6 days a week which may negatively impact on his sleep.
