Comments: This is a grand idea as it provides a much needed service within Lancing by a highly experienced and qualified dog groomer. My dogs can be nervous and upset being left with other people and have been unhappy when I've used groomers based in commercial properties. By having a grooming parlour which is small, intimate and located close to houses,the dogs (ahd I) will feel much more confident and at home in the environment. I fully support this application and look forward to using the facility as soon as it is open. Because it will of necessity be small the grooming salon will have little or no impact on the neighbourhood as just one vehicle at a time will be dropping the dogs off and picking them up.
