United Kingdom

PLANNING PERMISSION

TOWN AND COUNTRY PLANNING ACT 1990
TOWN AND COUNTRY PLANNING (GENERAL PERMITTED DEVELOPMENT) (AMENDMENT) (ENGLAND) ORDER 2015

APPLICATION NUMBER: AWDM/2056/21

Details of Development
ERECTION OF A DETACHED TWO STOREY 2 BEDROOM HOUSE WITH 2NO. CAR PARKING SPACES

Location of Development
212 MANOR HALL ROAD SOUTHWICK BRIGHTON WEST SUSSEX BN42 4NH

In pursuance of their powers under the above-mentioned Act and Order the Council hereby notify you that they PERMIT the above development, in accordance with the application and relevant correspondence registered on 12th November 2021.

This is for reasons stated on the schedule overleaf and subject to compliance with the conditions specified thereon.

GPeck

Gary Peck
Planning Services Manager
11/01/2022

SCHEDULE

Conditions

01. The development hereby permitted shall be carried out in accordance with the following approved plans unless specified otherwise in a subsequent condition imposed on this decision notice.

Reference/Drawing Number	Version	Date Rec
PROPOSED PLANS & ELEVATIONS, LOCATION & BLOCK PLAN	Drg 01 Rev A	20.12.2021
ADDITIONAL SUSTANABILTY STATEMENT		06.01.2022
SUSTAINABILITY SECTION		06.01.2022
DESIGN & ACCESS STATEMENT	10th November 2021	12.11.2021

Reason: *For the avoidance of doubt and in the interests of proper planning.*

02. The development hereby permitted shall be begun before the expiration of 3 years from the date of this permission.

Reason: *To comply with Section 91 of the Town and Country Planning Act 1990.*

03. Construction work shall not commence until a scheme for protecting the proposed noise sensitive development from external noise has been submitted to and approved by the local planning authority. All works, which form part of the scheme, shall be completed before any part of the noise sensitive development is occupied. The scheme shall have regard to the principles of BS 4142:2014+A1:2019, the World Health Organisation community noise guidelines and achieve the indoor ambient noise levels for dwellings specified in BS8233:2014. The scheme should include full details of glazing and a strategy to prevent overheating. The noise level of any ventilation units when in use should not exceed the levels specified in BS8233:2014 and all duct work should be fitted on anti-vibration mounts. Following approval and completion of the scheme, a test shall be undertaken to demonstrate that the attenuation measures proposed in the scheme are effective and protect the residential unit from noise

Reason: *In the interests of residential amenity and to comply with policies 15 and 34 of the Adur Local Plan.*

04. Prior to commencement of the development hereby approved (or such other date or stage in development as may be agreed in writing with the Local Planning Authority), the following components of a scheme to deal with the risks associated with contamination of the site shall each be submitted to and approved in writing by the Local Planning Authority:

(1) A preliminary risk assessment which has identified: all previous uses; potential contaminants associated with those uses; a conceptual model of the site indicating sources, pathways and receptors; and potentially unacceptable risks arising from contamination at the site.
(2) A site investigation scheme, based on (1) above to provide information for a detailed assessment of the risk to all receptors that may be affected, including those off site.
(3) The site investigation results and the detailed risk assessment (2) and, based on these, an options appraisal and remediation strategy giving full details of the remediation measures required and how they are to be undertaken.
(4) A verification plan providing details of the data that will be collected in order to demonstrate that the works set out in (3) are complete and identifying any requirements for longer-term monitoring of pollutant linkages, maintenance and arrangements for contingency action. Any changes to these components require the express consent of the Local Planning Authority.

The scheme shall be implemented as approved above and, prior to commencement of any construction work (or such other date or stage in development as may be agreed in writing with the Local Planning Authority), a Verification Report demonstrating completion of the works set out in the approved remediation strategy and the effectiveness of the remediation shall be submitted to and approved in writing by the Local Planning Authority. The report shall include results of sampling and monitoring carried out in accordance with the approved verification plan to demonstrate that the site remediation criteria have been met. It shall also include any plan (a 'long-term monitoring and maintenance plan') for longer-term monitoring of pollutant linkages, maintenance and arrangements for contingency action, as identified in the verification plan, and for the reporting of this to the Local Planning Authority.

Reason: *To prevent pollution of groundwater and in the interests of environmental protection and public health and safety, in compliance with the National Planning Policy Framework and policies 34 and 35 of the Adur Local Plan.*

05. No development shall take place, including any works of demolition, until a Construction Method Statement has been submitted to and approved in writing by the Local Planning Authority. The development shall be carried out in accordance with the approved Method Statement and shall be adhered to throughout the construction period. The Statement shall provide for:-

(i) the parking of vehicles of site operatives and visitors;
(ii) loading and unloading of plant and materials;
(iii) storage of plant and materials used in constructing the development;

(iv) the erection and maintenance of security hoarding;
(v) wheel-washing facilities;
(vi) measures to control the emission of dust and dirt during construction; and
(vii) a scheme for recycling/disposing of waste resulting from demolition and construction works.

Reason: *In the interests of highway safety and amenity having regard to policies 15, 28 and 24 of the Adur Local Plan.*

06. Works of construction or demolition, including the use of plant and machinery, necessary for implementation of this consent shall be limited to the following times:

Monday - Friday 08:00 - 18:00 Hours
Saturday 09:00 - 13:00 Hours
Sundays and Bank Holidays no work permitted

Any temporary exception to these working hours shall be agreed in writing by the Local Planning Authority at least five days in advance of works commencing. The contractor shall notify the local residents in writing at least three days before any such works.

Reason: *in the interests of residential amenity having regard to policies 15 and 34 of the Adur Local Plan.*

07. No part of the development shall be first occupied until the car parking has been constructed in accordance with the approved site plan. These spaces shall always thereafter be kept for their designated purpose.

Reason: *To provide car-parking space for the use having regard to policies 15 and 28 of the Adur Local Plan.*

08. No part of the development shall be first occupied until covered and secure cycle parking spaces have been provided in accordance with plans and details to be submitted to and approved by the Local Planning Authority.

Reason: *To provide alternative travel options to the use of the car in accordance with current sustainable transport policies.*

09. No part of the development shall be first occupied until the electric vehicle charging space(s) have been provided in accordance with plans and details to be submitted to and approved by the Local Planning Authority.

Reason: provide sustainable travel options in accordance with current sustainable transport policies.

10. No development shall be carried out unless and until a schedule of materials and finishes to be used for the external walls (including windows and doors) and roof of the proposed building has been submitted to and approved in writing by the Local Planning Authority and the development shall be completed in accordance with the approved schedule.

    Reason: *In the interests of visual amenity and to comply with policy 15 of the Adur Local Plan.*

11. Notwithstanding the provisions of the Town and Country Planning General Permitted Development Order 2015, as amended, (or any order revoking and re-enacting that Order with or without modification), the proposed dwelling shall not be extended or altered by means of any development as set out within Classes A, AA, B, C, D and E of Part 1 of the Schedule to that Order.

    Reason: *In the interests of amenity and the environment having regard to the nature of the site and policy 15 of the Adur Local Plan.*

12. The development hereby approved shall be carried out in full accordance with the Sustainability Statement and Additional Sustainability Statement submitted with the application.

    Reason: *To ensure that the development is sustainable and to optimize the potential for energy efficiency, low carbon and renewable energy having regard to the National Planning Policy Framework and policies 1, 15, 18, 19 of the Adur Local Plan and the Adur Planning and Climate Change Checklist 2021.*

13. Development shall not commence, other than works of site survey and investigation, until full details of the proposed surface water drainage scheme have been submitted to and approved in writing by the Local Planning Authority. The design should follow the hierarchy of preference for different types of surface water drainage disposal systems as set out in Approved Document H of the Building Regulations, and the recommendations of the SuDS Manual produced by CIRIA. Winter groundwater monitoring to establish highest annual ground water levels and winter infiltration testing to BRE DG365, or similar approved, will be required to support the design of any Infiltration drainage. No building / No part of the extended building shall be occupied until the complete surface water drainage system serving the property has been implemented in accordance with the agreed details and the details so agreed shall be maintained in good working order in perpetuity.

    Reason: *To ensure adequate drainage and to comply with the National Planning Policy Framework and policy 36 of the Adur Local Plan.*

Informatives / Notes to Applicant

01. The Local Planning Authority has acted positively and proactively in determining this application by identifying matters of concern within the application (as originally submitted) and negotiating, with the Applicant, acceptable amendments to the proposal to address those concerns. As a result, the Local Planning Authority has been able to grant planning permission for an acceptable proposal, in accordance with the presumption in favour of sustainable development, as set out within the National Planning Policy Framework.

02. Southern Water requires a formal application for a connection to the public foul and surface water sewer to be made by the applicant or developer. To make an application visit Southern Water's Get Connected service: developerservices.southernwater.co.uk and please read their New Connections Charging Arrangements documents which are available on their website via the following link: southernwater.co.uk/developing-building/connection-charging-arrangements

03. It is possible that a sewer now deemed to be public could be crossing the development site. Therefore, should any sewer be found during construction works, an investigation of the sewer will be required to ascertain its ownership before any further works commence on site.
For further advice, please contact Southern Water, Southern House, Yeoman Road, Worthing, West Sussex, BN13 3NX (Tel: 0330 303 0119).
Website: southernwater.co.uk or by email at:
SouthernWaterPlanning@southernwater.co.uk

04. Infiltration rates for soakage structures are to be based on percolation tests undertaken in the winter period and at the location and depth of the proposed structures. The percolation tests must be carried out in accordance with BRE DG365, CIRIA R156 or a similar approved method and cater for the 1 in 10 year storm between the invert of the entry pipe to the soakaway, and the base of the structure. It must also have provision to ensure that there is capacity in the system to contain below ground level the 1 in 100 year event plus 40% on stored volumes, as an allowance for climate change. Adequate freeboard must be provided between the base of the soakaway structure and the highest recorded annual groundwater level identified in that location. Any SuDS or soakaway design must include adequate groundwater monitoring data to determine the highest winter groundwater table in support of the design. The applicant is advised to discuss the extent of groundwater monitoring with the Council's Engineers. Further detail regarding our requirements are available on the following webpage:
https://www.adur-worthing.gov.uk/planning/applications/submit-fees-forms.
A surface water drainage checklist is available on this webpage. This clearly sets out our requirements for avoiding pre-commencement conditions, or to discharge conditions

TOWN AND COUNTRY PLANNING ACT 1990
TOWN AND COUNTRY PLANNING (GENERAL PERMITTED DEVELOPMENT) (AMENDMENT) (ENGLAND) ORDER 2015

YOUR ATTENTION IS DIRECTED TO THE FOLLOWING NOTES FROM THE ABOVE ORDER. THEY ARE FOR INFORMATION ONLY AND DO NOT PRETEND TO SET OUT THE WHOLE OF THE LAW ON THE SUBJECT. IT WOULD BE WELL FOR YOU TO CONSULT YOUR SOLICITOR IF YOU ARE IN ANY DOUBT

Appeals to the Secretary of State

1. If you are aggrieved by the decision of your local planning authority to refuse permission for the proposed development or to grant it subject to conditions, then you can appeal to the Secretary of State under section 78 of the Town and Country Planning Act 1990.

2. If the decision relates to a householder application or minor commercial application, and you want to appeal, then you must do so within 12 weeks of the date of this notice. If the decision relates to express consent for the display of an advertisement, then you must do so within 8 weeks of the date of this notice. If the decision relates to a non-householder application, an appeal must be lodged within 6 months of the date of the decision notice. Appeals must be made using a form which you can get from the Secretary of State at Temple Quay House, 2 The Square, Temple Quay, Bristol BS1 6PN (Tel: 0303 444 5000) or online at https://acp.planninginspectorate.gov.uk.

3. The Secretary of State can allow a longer period for giving notice of an appeal, but he will not normally be prepared to use this power unless there are special circumstances, which excuse the delay in giving notice of appeal.

4. The Secretary of State need not consider an appeal if it seems to him that the local planning authority could not have granted planning permission for the proposed development or could not have granted it without the conditions they imposed, having regard to the statutory requirements, to the provisions of any development order and to any directions given under a development order.

5. In practice, the Secretary of State does not refuse to consider appeals solely because the local planning authority based their decision on a direction given by him.

Purchase Notices

6. If either the local planning authority or the Secretary of State refuses permission to develop land or grants it subject to conditions, the owner may claim that he can neither put the land to a reasonably beneficial use in its existing state nor render the land capable of a reasonably beneficial use by the carrying out of any development which has been or would be permitted. In these circumstances, the owner may serve a purchase notice on the District Council in whose area the land is situated. This notice will require the Council to purchase his interest in the land in accordance with the provisions of Part VI of the Town and Planning Act 1990.

7. Where this notice conveys approval or permission, conditional or unconditional, please note that the decision given does not purport to convey any consent or approval which may be required under the Building Act and Building Regulations, or any other legislation.

Reduced time for making a planning appeal where enforcement action is being taken

Where an enforcement notice has been served in relation to the same, or substantially the same, development as in the planning application no earlier than 2 years before the date the application was made, the period for receiving a planning appeal is within 28 days of the date on the planning application decision notice or of the date by which the LPA should have decided the application.

However, the LPA may formally decline to determine a retrospective planning application for permission for any development contained within a pre-existing enforcement notice served on or after 6 April 2012, where that notice was issued before the application was received by the LPA (see above). There is no right to make a planning appeal in such circumstances.

Where an enforcement notice was served in relation to the same, or substantially the same, development after the decision notice on the application was issued or after the end of the period the LPA had to determine the application, the period for receiving a planning appeal is within 28 days of the date the enforcement notice was served (unless this would extend the period beyond the normal 12 weeks or 6 months deadline).
