22 March 2010

Dear Mr Barnett,

Address: Seville, Winston Road, Lancing, BN15 8SL

Works: Single-storey front / side extension

Ref: ADC/0456/09

I refer to the above-mentioned approved planning application and request your approval for the following amendment(s).

My client is proposing, with your approval, to raise the eaves height of the side extension by approximately 700mm by changing the side pitched roof to a sloping flat roof all as indicated in red on the enclosed drawing. The reasons for this change are to overcome practical issues with the guttering and to provide improved headroom in the proposed dining room.

I would be grateful if you could consider this amendment for approval and look forward to hearing from you

If you have any queries then please contact me.

Yours sincerely,

[redacted]

Ian Reed
