Comments Details

Commenter Type:	Neighbour
Stance:	Customer objects to the Planning Application
Reasons for comment:	- Privacy Light and Noise
Comments:	PLANNING APPLICATION AWDM/0347/16 I wish to object to the above application with regard to the Yew Tree T24 and trees 25 and T26. The Yew Tree provides us with privacy in order garden being overlooked by property concerned. In addition it would spoil the natural shape and beauty of the tree. The felling of trees 25 and 26 is purely because the owner of the property concerned has built a garage and a play area in this area and this will afford them more light. The felling of these two trees will give the properties in John Street no

privacy at all. Can you also advise why this Application is being considered in the first place? There is a Preservation Order on some of these trees, which is this not being adhered to? It seems that chopping off several feet of these trees will spoil the natural shape and beauty of them. I am so surprised that the Council is even considering this application.
