Commenter Type:	Neighbour
Stance:	Customer objects to the Planning Application
Reasons for comment:	- Highway Access and Parking - Other
Comments:	I am objecting to this request due to: It does not appear to be planning approval for the driveway with no dropped curb and markings on the road to support this. A double driveway impacts the parking on Albert Road as all houses on this street are terraced therefore no off-street parking. Currently there is not enough parking on the street with neighbouring streets impacted daily with the overflow of parking. Therefore, a double driveway is excessive for the space available on the street. Albert Road is a Conservation Area. This of design of electric gates are not in keeping with the rest of the street.

Kind regards
