Date:
20.2. 2009

Revision:

This document is to be read in conjunction with the original Design & Access statement previously compiled under ADC 060707

Use:

The proposal is for residential accommodation, providing 2no. houses.

Amount:

The proposal is for the construction of 2no. 3 bed houses.
The amendment is for an additional dormer window to the north front facing elevation of both properties. This will replace the velux windows illustrated on the original planning application. It is also intended to use a white timber cladding system to first floor elevations as opposed to render & paint.

Layout:

The amended proposal will not affect the layout of the building.

Scale:

The proposed dormer windows will be a reduction in size, and have a hipped pitched roof.
Essentially the revised new dormer windows will have no detrimental affect on the proposed buildings or the surrounding area.

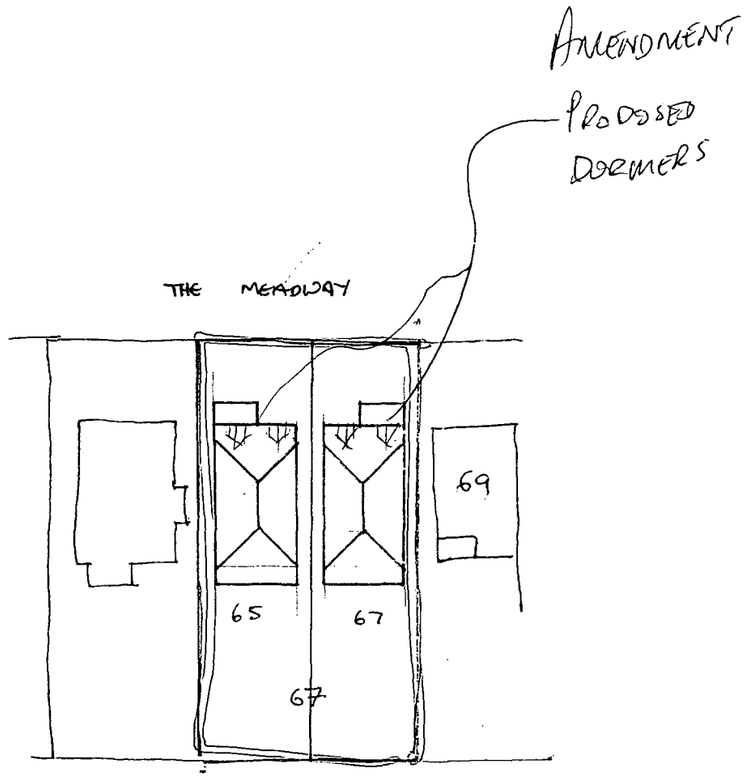

Access:
The access will not be affected by the proposal.

Landscape:

It is not proposed to alter the landscape.

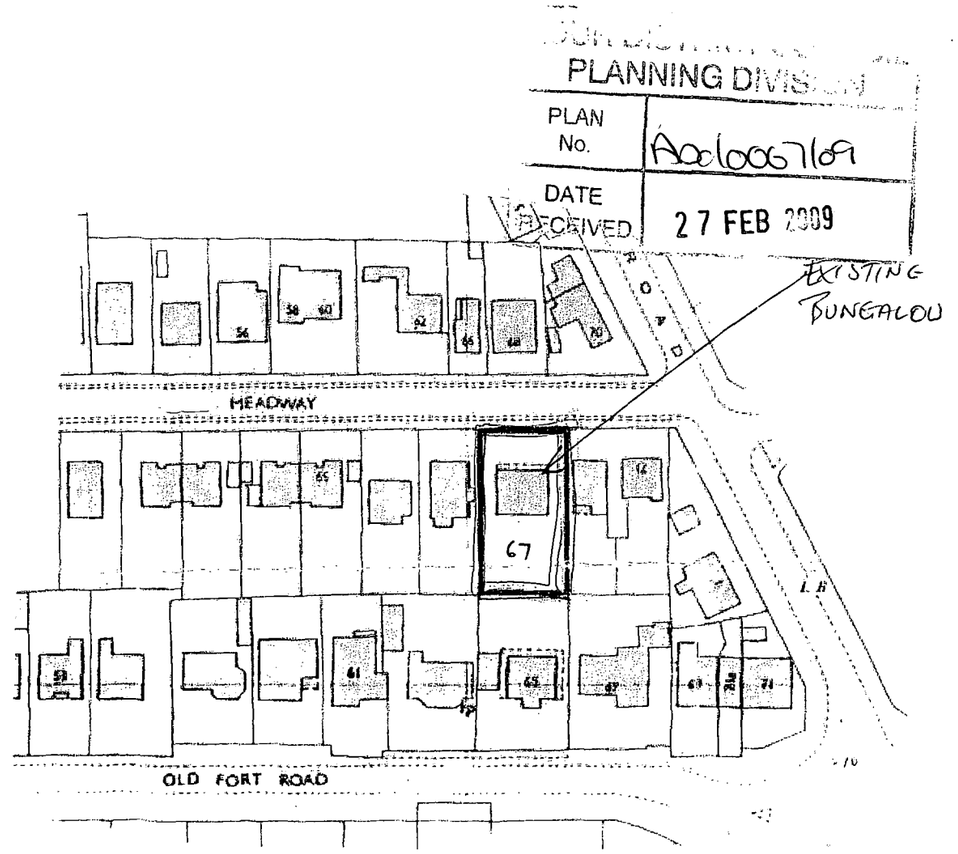

Appearance:

The proposed dormer windows vastly improve the appearance of the two new properties and will not effect anyone's privacy. The proposed cladding will match other similar properties on Shoreham Beach.
