SCHEDULE

Reasons for Granting Permission

01. The proposed vehicular access would assist in reducing on-street parking and not detract from highway safety nor conflict with policies DEV4-5 of the West Sussex Structure Plan 2001-16.

Conditions

01. The development hereby permitted shall be begun before the expiration of 3 years from the date of this permission.

Reason: *To comply with Section 91 of the Town and Country Planning Act 1990.*

02. No use of the vehicular access shall take place until a satisfactory kerb and pavement crossing between the boundary of the site and the adjoining carriageway has been constructed. The requisite specification can be obtained from the Area Highway Engineer, WSCC Southern Area Office, Clapham Common, Clapham, Worthing, West Sussex BN13 3UR. There shall be no drainage of surface water from the property onto the highway.

Reason: *In the interests of highway safety and to comply with policy DEV4 of the West Sussex Structure Plan.*

03. The access shall not exceed 3 metres in width and shall be laid out to provide visibility splays on each side of its junction with the existing public highway. These splays shall be 1 metre by 1 metre on each side of the access based on the existing highway boundary. No other work shall be carried out on the site until the above mentioned splay areas have been provided and thereafter they shall be kept free from any obstruction to visibility in excess of 0.6 metres above the level of the adjoining carriageway.

Reason: *In the interests of highway safety and to comply with DEV4 of the West Sussex Structure Plan.*
