Re- 5 Broadwater Street East Worthing

I would like to object to the rear dormers proposed for this conversion.
The dormers would look into my lounge,Kitchen and the children's bedroom.

I currently have no properties looking into my home and I would lose my privacy.

If the dormers where in the front of the proposed conversion this would not affect myself or my neighbours
I would ask for this conversion to be reconsidered due to the invasion of my privacy.

My property is at the rear of the proposed conversion this would greatly affect my mental health and well being.

My address is
19 Broadwater way
BN14 9LP

[redacted]

Thank you for your help

Kind regards

Susanne Kirkby
