COMMENTS:

The supporting statement accompanying this application explains the background to the proposal to remove Condition 5, and includes an extract from West Sussex County Council's (WSCC) pre-application comments to your Councils on this matter (e-mail dated 7/3/2019 from John Mills, County Archaeologist, WSCC to Peter Barnett, Adur and Worthing Councils).

The archaeological mitigation required by Condition 5 is no longer achievable. Consequently no objection is raised on archaeological grounds to the removal of this Condition.
