Proposal: Application for consent under Worthing Tree Preservation Order number TPO 3 of 2007 - T1 Ash reduce by approx 3m, back to where the tree has been pruned previously.I'm applying for permission to re-instate the previous pollard on one Ash tree (T1), cutting back to the established pollard points, removing deadwood & crossing branches.
The tree has previously been authorised for pollarding, and the proposed works are intended to maintain the established form and continue the previous management approach. All works will be carried out in accordance with BS 3998:2010 Tree Work Recommendations, using appropriate pruning cuts and techniques.
