2.AWDM/1292/26 Application for Listed Building Consent for the installation of lead flashings to rear terrace.
LOCATION: Beach House Brighton Road Worthing West Sussex.

This is a Grade II*Listed Building dating from circa 1820. A programme of works is being undertaken to repair the external rendering, pillars which border the boundary and the roof.

This present application is for the installation of lead flashings to the rear terrace. We appreciate this is part of essential repairs and maintenance to sustain the fabric of this historic building. In summary the Society has no objection to this application.
