Commenter Type: Neighbour

Stance: Customer made comments in support of the Planning Application

Reasons for comment:
- Design
- Privacy Light and Noise

Comments: I live next door to the applicant. The planning application overlooks part of my rear garden (2 Juliette balconies). However, I have no objection to the proposal as these windows do not lead out onto any outside balconies and therefore affords no infringement of privacy, light or noise. Neither the overall design nor the resulting building outline affect my property in any way and I would suggest that this improvement is perfectly in keeping with the local building environment. I therefore support this planning application.
