Comments: I am writing to confirm that I fully support this planning application and have no objection to the proposed use of the detached garage for one-to-one beauty therapy services.

I have personally experienced the business and, based on my own experience, I have found it to be very well managed, considerate and entirely suitable for the residential setting. I have not experienced any problems or unreasonable disturbance as a result of the business operating from the property.

The business is small in scale, with appointments taking place on a one-to-one basis, and in my experience it has a positive impact on the local area.

I believe the use of the existing garage is a sensible and appropriate way to accommodate the business, allowing a small local business to operate without causing any significant impact on neighbouring residents.

Based on my own experience, I am very happy to support the application and would like to see the planning application approved.
