Submission Type:
Customer objects to the Planning Application.

Comments:
when the original application was submitted it was passed because it would not impact on the shortage of parking on Penhill road there is already ten parking spaces on the site in the original plan allowing another to the front of the house will remove on street parking spaces also because of the increase in size of the entrance to the rear houses also there will not be trees planted to the front of the house to replace the trees removed when the site was cleared also this is another requirement by the

planning consent
