SCHEDULE

Reasons for Granting Permission

01. The change of use from a live/work unit to a solely residential use has resulted in the loss of designated B1 floorspace. However, the property is physically separate and of a different character to the other live/work units within the Ropetackle development and the condition was considered to be overly restrictive. It is not considered therefore that the change of use has detracted from the local environment, had a detrimental impact on employment provision in the District, or resulted in unacceptable detriment to the amenities of neighbouring properties. It consequently does not conflict with saved policy AG1 of the Adur District Local Plan.
