Proposed single story rear extension at 33 Christchurch Road, BN11 1JH.
Further to our email of 26th june2024 and following a visit by Rebekah Hincke of Planning and Building Control on 9th july 2024 we were made aware that the proposed drawings 23014PCR/01/02/03 show a new wall with window replacing the existing victorian party wall. Our garden is walled on all sides.

We strongly object to any alteration to the party wall which we were assured by the nursery would not be affected by the extension. Design, appearance, materials and character would be affected also loss of privacy and light which would ensue due to the building work,

The nursery would be liable to pay us compensation for damage to our property under the Party Wall Act.

Chris and Norma Carter
