With reference to proposal of summer house being used as air b&b at 33 Valley road, sompting.

Ref AWDM/0224/19

Apologies for late response, however, now the residents of the above address have moved in, the problems that the proposed air b&b may cause are becoming clear. I would therefore like to air my concerns and object to the proposed plans.

The parking in this street is already very difficult. The new owners/people living at the address have at least four cars, this appears to be due to the bungalow being split into two separate residences.
There are also other over night visitors that park in the street on occasion too.
This already causes huge parking difficulties for ourselves, our neighbours and at times buses attempting to pass due to cars being parked on both sides of the road.
So with this in mind, I would like to express deep concern over visitors to the air b&b having even more vehicles to park.

I would also like to have my concerns of the noise that holiday makers may bring to a quiet residential area noted.
Please confirm you have received this email.

Kind regards

Mr & Mrs D Pearson (22 Valley Road)
