Name: Mr John Taylor

Address: 7 Grafton Drive, Sompting, Lancing, West Sussex BN15 9SW

Comments Details

Commenter Type: Neighbour

Stance: Customer objects to the Planning Application

Reasons for comment: - Privacy Light and Noise

Comments: The planned development to number 6 Grafton Drive will extend the rear of the property to the point at which it will fully overlook my back garden. Not only will this diminish the light to my back garden but also eradicate any privacy within that area. The option to install higher fencing to combat the intrusion of privacy will exacerbate the lighting issue. My back garden is very small and as such it is not possible to avoid being overlooked. The planned extension will severely impact the privacy of the back garden and reduce light to an unreasonable level. In addition the disruption of the works will severely impact me and my son who both work from home in key worker roles. I also have significant concerns over the works traffic for the duration of the build; this is a small road with very little parking for residents as it is, and with the presents of a park regularly utilised by children, I believe the additional works traffic and works parked vehicles would pose an increased safety hazard.

Kind regards
