Your ref: AWAP/0040/26

I strenuously oppose this planned development by Christopher Dixon. The land in question is a part of an area known as Goring Gap (by Mr Dixon himself). A gap is an open area, not one with flag poles, shipping containers, car parks, camp sites, mobile toilets, advertising trailers etc, as outlined in the plan.

Permission has been refused for good reason, yet Mr Dixon has ignored this and most of his plan has been implemented without permission. The result is an eyesore and blights a beautiful area of Goring.

The land is positioned directly opposite a larger open green area with direct access to the sea. This is a safer area for families to be able to enjoy socialising without blighting the area.

During the summer months the seafront road is very busy with parked cars and moving traffic, as it is a major scenic seafront route between Goring and Ferring and there is no pavement or safe area for walking on the northern side of the road where this land is sited.

Christine Creasey
