Dear Mr Johnson,

Following consideration of the above planning application I will not be able to support the application as submitted. I have discussed the application in a team meeting and it is the consensus that the works to the front dormer and alterations to the porch will be detrimental to the character and appearance of the dwelling house. It is considered that the side extension is acceptable and can be supported. Could you discuss this matter with your client and if you could confirm that the front dormer and porch alterations can be removed from the application and submit 2 copies of an amended plan to show this then I will be able to determine the application on this basis.

The application must be determined by 22nd March and if I do not receive plans before this time I will determine the application as submitted.

I look forward to hearing from you.

Yours sincerely,

Hannah Barker
