Business Support

Dear Sir,

I am writing to object to the planning application to change the the use of 8-9 Montague Place, from cafe to licensed entertainment.
The cafe is below me and next door to other residents of these premises.
Since November, the noise from this café has been loud and disturbing, especially at night when they are open till midnight viz. banging, loud music and general hubbub.
I note that the council are planning to re-vamp Montague Place into attractive, peaceful gardens, which I, personally applaud. However, allowing a venue for noisy parties and games seems at odds with These plans.

Thankyou for your attention.

Yours faithfully
