Date: 5 March 2009

Dear Mr Ullah,

Proposed continued opening of No.114 until 11.30pm with all activity ceasing by 12 midnight (renewal of SU/179/04) and revised extract system at rear of No.112 (retrospective) 112/114 High Street, Shoreham-by-Sea (ADC/0029/09/inval)

Thank you for the additional plans and details in response to the letter of 19 February 2009.

I regret, however, that the plan prepared by Unique Catering showing the side elevation of the building with the extract systems, is so grossly inaccurate as to be unacceptable.

It shows the two-storey projection of the building much larger than is actually the case (see correct position marked in red on attached plan). Consequently, the duct is also wrongly shown extending much further along the flat roof than is actually the case.

I am sorry but it is necessary that you have these plans corrected and resubmitted, to enable your application to be processed. Please ensure that this is done within the next 21 days.

Yours sincerely,

[redacted]

Keith Morgan
