To Amanda.
Following on from the phone call, I am emailing on behalf of the owner of 22 Keymer Crescent HAfid Aroush. He has concerns with building of a Granny Annexe at 14 Keymer Crescent BN12 4LE. Reference AWDM/ 0516/24. His concerns relate to the construction materials used not being in keeping with the surrounding area but mainly his loss of privacy with the clear side window looking directly into his dining room, plus the installation of a toilet vent a few inches from his fence.Obviously the view he had has also changed considerably but has noted this is irrelevant to planning applications. Hafid does not have email so will need to have written correspondence.
Kind regards.
Hafid Aroush.
24th May 2024.
