> Your ref AWDM/0832/14-Neighbours Objections and Petition against 140
> Old Fort Road planning application
>
> Dear Mr Barnett,
>
> You have previously received our detail analysis of how the planning
> application at 140 Old Fort road is highly overbearing and light
> reducing to the front aspect of our house at 142 Old Fort road.
> Clearly this is most impacting on us and should be rejected for these
> reasons in their own right.
>
> What has been pleasing and in some ways unexpected is the huge
> response of our neighbours in also objecting to this particular
> application. It is this intent to be overbearing and light reducing in
> a planning application without thought to the dramatic effect on the
> amenity of neighbours that would be overshadowed if such applications
> were granted that has energised this overwhelming opposition from the
> community.
>
> Specifically this support from the community refers to 5 objection
> letters from neighbours in the immediate vicinity of 140 Old Fort Road
> (132, 134, 142, 144 and 146 Old Fort
> Road) and now a 100 Strong Petition (attached here) from the entire
> neighbourhood all against this planning application.
>
> I would expect that the detailed technical objections we have put
> forward allied to the outpouring of neighbours objections and
> petitions to the principle of this kind of planning would enable you
> to prevent this from being allowed to blight our front aspect and
> cause consternation in the neighbourhood.
>
> Your Sincerely,
>
> David West

Petition against planning application for 140 Old Fort Road for following reasons:

- We don't want precedent of neighbours extending into front gardens taking light and space from their eastern boundary neighbours!

Signed:	Address:
