PLANNING SERVICES

Dear Eve Hearsey

As the owner of the bungalow to the East of 24 Busticle Lane, I would like to object to the proposals of converting the hip to a gable and increasing the size of the rear dormer on privacy grounds as there is already a large window overlooking our back garden and looking in to our Kitchen/Diner area without having 3 additional windows doing the same. Also from looking at the plans at first floor level, why would you

1. Have a store?

2. Put a window in it?

I consider this proposal to be overdevelopment.

[redacted]

Yours sincerely

D. Blunsdon
