Re: ANDN/1307/13 Grove Lodge, Southwick Street

Dear Mr. Barnett,

I am writing to express my concern and objection to the fitting of advertising hoardings outside Grove Lodge, Southwick Street, BN42 4AD.

I had initial reservations about the design and structure of the signs and was relieved when the initial planning application had been refused.

I am now rather confused and dismayed as to why the signage has now been put in place having been finally approved by Julie Searle, our local councillor

I acknowledge the fact businesses need to identify and advertise their business, however, the design and appearance of the current signage is not in keeping with the area and the building, which Grove Lodge occupy. I feel the signage should be replaced with something more conservative, suitable for the area and having less of a modern look.

Please can you give this consideration prior to the closing date of 15th November 2013.

Yours sincerely
