Comments Details

Commenter Type:	Neighbour
Stance:	Customer objects to the Planning Application
Reasons for comment:	- Other - Privacy Light and Noise
Comments:	The proposed positioning of a first floor rear door and spiral staircase will impact on the light into my kitchen, and invade my privacy as you would be able to see into my property from the proposed staircase. There is an issue due to the 9' cactus in the garden that casts a shadow in my kitchen so these works would take out even more natural daylight. The layout will be an issue too. On the first floor you propose to put a lounge next to my master bedroom. It's a single skin wall there is no cavity and I can hear the light switch going on, so someone using this space as a living room will be noisy.
