Hi Eve.
I confirm the entire new second floor window on the west elevation is to be glazed in obscured glass and fixed shut.

I also confirm none of the rooflights protrude over 0.15M beyond the roof slope

Regards Alan

Hi again
Also could you confirm that none of the rooflights protrude over 0.15 metres beyond the plane of the slope of the original roof when measured from the perpendicular with the external surface of the original roof.
Thanks
Eve

Hi Alan

Further to our telephone conversation, I would be pleased if you could email me confirmation that the new side window in the hip to gable roof extension will be fixed and obscure glazed up to 1.7m above finished floor level, and clear and opening window above 1.7m

Kind regards
Eve
